

VACUUM - SWEEPER
KS 90

The **KS 90** with the unique TRS principle removes dirt and rubbish ranging from dust particles to beverage cans exceptionally thoroughly. In just one work step two counter-rotation brush rollers transport the dirt by means of a throw-over principle to the waste collector, which is filled from the top.

The **KS 90** is easy to operate, even in corners and along edges.

Convincing advantages:

- Dust removal
- Brush drive
- Suitable for indoor and outdoor use
- Suitable for sand and fine dust particles
- Suitable for coarse dirt in areas of extreme application
- Suitable for areas with narrow niches
- Operates exceptionally smoothly
- Dust free
- Internal charger
- Dust - vibrator for filter cleanig

Technical data

KS 90

Sweeping width (with 2 side brushes)	900 mm
Sweeping width main roller	500 mm
Sweeping principle	TRS - Tandem roller system
Power transmission	chain
Powered sweeping roller	yes
Electrical dust removal	yes
Calculated sweeping performance	3150 m ² /h
Capacity of dirt collector	50 l
Filter surface	1,1 m ²
Filter cleaning	mechanical
Battery (Ah)	12 V 28 Ah
Charger (onboard)	4 A
Operation time	up to 1,5 h
Total length	1.091 mm
Total width	760 mm
Total height	416 mm
